**How to work with the Mustard Seed Worksheet** As Christians we are striving to put on the Mind of Christ.

**Spiritual Ideas** As we pray with these Spiritual Ideas we are knowing the Truth and inevitably by a law of God eliminating all false mortal beliefs or error instantaneously.

**Practicing Christian Science by "Getting into God so far"** In the words of MBE — Through the divine energies alone one must either get out of himself and into God so far that his consciousness is the reflection of the divine, or he must, through argument and the human consciousness of both evil and good, overcome evil. Mis 352:22

**Replace** Replacing the false concepts with the True - thereby Getting into God on an impersonal, universal basis we are blessing the world by affirming the Truth and eliminating the lie. By knowing the Truth we are becoming better acquainted with God. The Christ is actively at work as these spiritual ideas are published.

**Supplant** We must not leave an empty house and so we Supplant with Truth, forgiveness, Love leaving an expected residue of peace, harmony, freedom and dominion.

**Record of fruitage** We then maintain a journal of sharing - recording, insights, enlightenment, healing, transformations, revelations. Thus in some measure we are active disciples of Jesus and MBE following MBE as she follows Christ — What a privilege!
